## The story

On a warm summer evening, a loving couple, Rocco, a plastic surgeon and Eva, a therapist is expecting his long-lasting friends to share a pleasant evening over dinner. Everything is in order: the first course is ready, the roast is in the oven and the table is set. Without a doubt, this is going to be a gathering of true friends and the waiting comes to an end when the first couple arrives. Surely, this is a nice but somewhat usual dinner, when suddenly someone makes a proposition: to place their mobile phones on the table and like a Russian roulette, whatever arrives (texts, WhatsApp messages, calls) they would share it with the others. Clearly, this uncommon *truth or dare* game has no point among friends who share everything with each other, nevertheless....
